Colin Drury is Emeritus Professor at the University of Huddersfield and a leading textbook author for a generation of accounting students. His books have been widely recommended by the main UK professional accountancy bodies for their examinations. He has been an active researcher and his research has been published in peer-reviewed journals including Management Accounting Research and European Accounting Review. Colin has been given a Life-time Achievement Award by the British Accounting and Finance Association.

New Edition
Management and Cost Accounting
10th Edition
Drury
© 2018 | 9781473748873

Now in its tenth edition, Management and Cost Accounting has been the leading textbook in the field for three decades, and continues to blend theory and practice in language that is clear and accessible. As well as covering everything students need to know for management accounting and cost accounting modules on undergraduate courses, or postgraduate students studying these topics for the first time, this book will also help prepare those taking the professional accounting bodies’ management and cost accounting examinations.

New Edition
Management and Cost Accounting: Student Manual
10th Edition
Drury
© 2018 | 9781473748880

The Student Manual contains a multitude of questions directly linked to each chapter topic in the tenth edition of Management and Cost Accounting. As a companion workbook, it enables students to practise what they have learned from studying the textbook and reinforces their understanding of key management and cost accounting concepts.

New Edition
Cost and Management Accounting
9th Edition
Drury
© 2018 | 9781473749054

Now in its ninth edition, Cost and Management Accounting continues to provide an accessible and thorough introduction to the subject. It blends theory and practice in language that is clear and easy to understand and provides students with a thorough introduction to cost and management accounting whether they are studying an accountancy or business undergraduate course, or a post-experience course.

Management Accounting for Business
6th Edition
Drury
© 2016 | 9781408093818

A classic in its field, this highly successful textbook is the essential introductory text to management accounting for non-specialists. This sixth edition maintains Drury’s trademark accessible writing style and is illustrated throughout with interesting worked examples which provide the student with a concise foundation in both the theory and practice of the subject whilst emphasising its importance in making business decisions.
International Financial Reporting and Analysis

7th Edition
Alexander/Britton/orissen/
Hoogendoorn/van Mourik
© 2017 | 9781473722545

The seventh edition has been thoroughly updated in line with changes to the IFRS. The first part has also been restructured to better reflect the current theoretical, market, regulatory and societal framework in which international financial reporting standards (IFRS) are being developed and used.

Financial Accounting and Reporting: A Global Perspective

5th Edition
Stolowy/Ding
© 2017 | 9781473740204

Now in its fifth edition, this respected and widely used book provides an essential introduction to financial accounting and reporting for business and management students around the world. The book has a strong international perspective (being based on IFRS/AS) and uses lots of real-life worldwide company financial statements and examples, to enable students to see how issues appear in practice.

Global Financial Accounting and Reporting: Principles and Analysis

4th Edition
Aerts/Walton
© 2017 | 9781473729520

Providing a complete companion to financial accounting that takes management students with no previous knowledge of accounting from the mechanics of how financial records are structured through to being able to understand and analyse published consolidated financial statements. Global in its approach, this book uses IFRS Standards.

Business Analysis and Valuation: IFRS Edition: Text and Cases

4th Edition
Palepu/Healy/Peek
© 2016 | 9781473722651

Business Analysis and Valuation richly informs on contemporary financial statement data use in various valuation tasks, balancing each concept against real-life scenarios. The text is entirely IFRS based and discusses how to get the most information out of IFRS based financial statements. The focus is not only on building a solid understanding of the latest theoretical approaches but to also place students in a confident position to apply them.

Financial Management: Theory and Practice

1st Edition
Fox/Ehrhardt/Brigham
© 2016 | 9781473729605

Roland Fox joins Brigham and Ehrhardt in the new edition of Financial Management: Theory and Practice, written for students in Europe, the Middle East and Africa. This text combines Brigham and Ehrhardt's balance of solid financial theory and practical applications with Fox's expert knowledge of international financial management. Maintaining all the content that makes this textbook so valuable to students from fundamental through to intermediate level and beyond, this new edition also adds in material relevant to European, Middle Eastern and African students, such as a chapter on Islamic Finance.

Finance for Executives: Managing for Value Creation

5th Edition
Hawawini/Viallet
© 2015 | 9781408093801

Gabriel Hawawini and Claude Viallet provide a concise, analytically sound introduction to financial management that is neither too simplistic nor too theoretical. The text masterfully balances a thorough exploration of modern finance principles with a strong practical focus on real-world applications and rigorous analysis, whilst also avoiding complicated formulas that have little value for decision-making.

Corporate Finance: Theory and Practice

9th Edition
Lumby/Jones
© 2015 | 9781408079898

Lumby and Jones return for a ninth edition of the bestselling Corporate Finance, combining clarity with clout. The strong theoretical approach that underpins the text is enhanced with a range of real world examples, putting the models and frameworks into perspective.

International Financial Management

4th Edition
Madura/Fox
© 2017 | 9781473722508

The fourth edition of Madura and Fox's International Financial Management provides the ideal introduction to the study of interaction between firms of all sizes and global finance. Real life examples, critical debate questions and project workshop activities help improve engagement and the wide range of cases from across the globe ensures this edition has a wide international appeal.

Financial Accounting: The Impact on Decision Makers
10th Edition
Porter/Norton
© 2017 | 9781305654174
This new edition is now available as a bundle option with CengageNOW™v2, which makes it easy to demonstrate that accounting is a powerful tool for business decision-making by going beyond debits and credits and keeping students focused on the big picture. In addition to exposing students to annual reports of highly recognizable companies such as Nike, Porter’s exclusive Ratio Decision-Model provides students with a framework for reading and interpreting financial statements to make decisions. The focus on financial statements and decisionmaking carries through to the end-of-chapter with a suite of case materials that have students reading and interpreting financial statements.

Principles of Financial Accounting
12th Edition
Needles/Powers
© 2014 | 9781133962359
This text has been organised into three sections, which helps students more easily digest the content. The first section is Concepts and focuses on the overarching accounting concepts that require consistent reiteration throughout the course. With a clear understanding of the concepts, students can proceed to the second section: Accounting Applications. Here students practice the application of accounting procedures with features like ‘Apply It’ and a new transaction analysis model, which breaks down the transaction in a simple, visual format. Finally, students move to section three, Business Applications. This section illustrates how the concepts and procedures are used to make business decisions. Real company examples are used throughout the chapter to show students the relevance of accounting.

Financial Accounting
15th Edition
Warren/Reeve/Duchac
© 2018 | 9781337272124
This text enables students to gain a solid foundation in financial accounting to ensure they are prepared for future business courses and the real world. A focus on why accounting is important to business and a prosperous society is reinforced throughout with Why It Matters Concept Clip animations in CengageNOWv2 and a new CengageNOWv2 Journal Entry Tool that illustrates the impact of transactions on the accounting equation.

Business Accounting and Finance
4th Edition
Gowthorpe
© 2018 | 9781473749351
Business Accounting and Finance provides an excellent introduction to finance, management accounting and financial accounting, whether students are just starting out in the subject or studying a module as part of another degree. This new edition includes additional material on financial analysis, new exercises in key topic areas such as statements of cash flow, and has been thoroughly updated in line with the latest legislation and regulation.

Fraud Examination
5th Edition
Albrecht/Albrecht/Albrecht/Zimbelman
© 2016 | 9781305079144
Learn to identify, detect, investigate, and prevent financial fraud today with the latest edition of Fraud Examination. Students will gain a strong understanding of the types of fraud and nature of fraud investigation today with current business examples and numerous actual fraud cases. The book presents today’s most important fraud concepts with an emphasis on the growing area of ebusiness fraud.

Business & Professional Ethics for Directors, Executives & Accountants
8th Edition
Brooks/Dunn
© 2018 | 9781305971455
Using real examples of ethical issues in today’s workplace, Business and Professional Ethics, provides readers with the strategies needed to make the most ethical decisions possible – no matter what the situation. By integrating the latest information on ethics, governance scandals, legal liability, and professional accounting and audit issues, this edition highlights the most recent ethical issues in today’s business environment.
The Audit Process: Principles, Practice and Cases
6th Edition
Gray/Manson/Crawford
© 2015 | 9781408081709
The Audit Process has been updated to include the latest changes in international accounting, auditing and financial reporting standards and features new questions from some of the most prominent exam boards including ACCA, IACEW and CAI. It also includes a new emphasis on corporate governance and responsibility. For the first time The Audit Process is accompanied with Guidance Notes for Tutors which provides tips for lecturers on techniques to engage students when teaching them Auditing.

Information Technology Auditing
4th Edition
Hall
© 2016 | 9781133949886
Introduce your students to state-of-the-art audit issues as you provide valuable insights into auditing in a modern computer-based environment with Hall's acclaimed Information Technology Auditing. The book focuses on key information technology aspects of auditing, including coverage of transaction processing, Sarbanes-Oxley implications, audit risk, and the COSO control framework. Students review general and application control issues, the latest in fraud techniques and detection, today's IT outsourcing issues and concerns, and modern enterprise system risks and controls.
Aplia is an online assessment, learning and teaching tool that significantly improves outcomes and elevates thinking by increasing student effort and engagement. Developed by educators and used by more than 1 million students, Aplia assignments connect concepts to the real world and focus on the unique course challenges facing Accounting students.

Aplia, which is fully integrated with the text, includes comprehensive online interactive problem sets, analyses, tutorials, experiments, and critical-thinking exercises to give students hands-on application. Based on discovery learning, Aplia requires students to take an active role in the learning process – helping them improve their Accounting understanding and ability to relate to the Accounting concepts presented.
